Thank You

Growing up in a small rural town with limited financial resources, pursuing a college education posed significant challenges. The burden of student loans made attending college seem out of reach. This scholarship afforded me the opportunity to pass the CPA exam before I started working full-time. This scholarship has made my success possible without your support!

For five years, I was a full-time student, and income from my part-time jobs went toward tuition and basic living expenses. I needed a lot of help to be able to pass the CPA exam before I started working full-time. This scholarship afforded me the resources and time needed to study. I recently passed the CPA exam, and it wouldn’t have been possible without your support!

When I finally earn my CPA license, I know every sacrifice will have been worth it. However, navigating this process has been financially draining between student loans, study materials, and exam fees. This scholarship lightened the load and empowered me to stay on my path. I’m thankful to all who made it possible.
