“My mother’s tenacity during tough times has inspired me to work diligently toward my goals of becoming a leader in the accounting profession. With my two jobs, I’ve been able to cover most of my expenses, but this scholarship allows me to focus on my grades and campus leadership roles.”

Kira Schuh

www.icpas.org/annualfund
"I am a first-generation college student, and English was not the primary language spoken in my home growing up, which has challenged me to work hard. I became more persistent and driven in my personal goal of becoming a CPA because of my role as a student ambassador to help guide other students through their own development."

Brian Ta
Our Students Count on You

Every year, more qualified candidates and deserving future CPAs apply for our scholarships and programs than we can support. You can help us close the gap.

Your generous financial contributions and volunteered time and expertise are crucial to the sustainability and reach of our programs including:

- Tuition and Textbook Scholarships
- CPA Exam Awards
- Student Ambassador Program
- Mary T. Washington Wylie Internship Preparation Program

Get involved today to help ensure future CPAs can realize your same success. Together, we can make a difference.
