The Illinois CPA Society's Governmental Report Review Committee has adapted the Government Finance Officers Association's *Comprehensive General-Purpose Checklist* ©2001, 2006, 2008, 2015, 2018, 2020 & 2022 (designed for its Certificate of Achievement for Excellence in Financial Reporting Program; used with permission) for its own use in fulfilling its mission to improve governmental financial accounting and reporting by Illinois CPAs. This checklist incorporates all GASB standards through GASB Statement 90 – *Majority Equity Interests*, GASB Statement 92 – *Omnibus 2020*, GASB Statement 93 – *Replacement of Interbank Offered Rates* and GASB Statement 98 – *The Annual Comprehensive Financial Report*.

The Society would like to thank the current and former members of the Governmental Report Review Committee for their assistance and contributions to this particular checklist. Please send comments and suggestions to guajardoo@icpas.org.

This review consists of four stages: I. Overall cursory review (for order and completeness); II. Detailed statement and note review (page by page); III. The Independent Auditors' Report; and IV. Wrap-up or general questions, based on I thru III, is the report complete and correct?

For purposes of classifying a pension/OPEB plan as single-employer or multiple-employer, a primary government (PG) and its component units (CUs) are considered one employer. [GASB-S73:15; COD P22.108] For purposes of stand-alone financial reporting in that circumstance, the PG and the CUs are required to apply measurement requirements similar to those applied by a governmental non-employer contributing entity in a special funding situation.
